THE *Art* OF TABLETOPS

Elevate Your Space With Artfully Crafted Tabletops.

Is it a *Table?*

Or a Canvas for Experience?

Our Tabletops
are More Than Surfaces -
They are Canvases Where
Moments Become

Art.

**Some tables merely occupy space.
Others become the reason people remember it.**

At Tabillo, we have always believed that a table is more than a furniture – it is where conversations unfurl, experiences are created and hospitality finds its finest expression.

Our 2026 – 2027 Tabillo Catalogue is before you – a curated showcase of distinctive tabletops that have found their places across Ho Re Ca spaces worldwide. From vibrant cafés in Europe to luxury resorts in the Middle East, from contemporary restaurants in Asia to outdoor hospitality spaces across continents, each design reflects a story of craftsmanship, texture, innovation and timeless functionality.

Within these pages, you will discover

- Unique tabletop concepts crafted for modern hospitality spaces
- Rich textures, finishes and materials designed for both aesthetics and endurance
- Outdoor solutions trusted globally across diverse climates and usage environments
- Inspirations that blend design and elegance with commercial practicality

This is not merely a catalogue – it is an invitation to reimagine surfaces and experiences.

As we continue expanding our global design dialogue, we look forward to sharing our newest innovations, exchanging ideas and exploring how thoughtful surfaces can elevate hospitality spaces worldwide.

We hope this catalogue inspires you as much as creating these collections inspired us.

Regards
Team Tabillo

BACK SLOT *Fixing*

1

Set tabletop upside down on a firm surface. Insert the 4 I-bolts from the round groove and slide them inside of the groove at desired length.

Coloque la mesa boca abajo sobre una superficie firme. Inserte los 4 cáncamos por la ranura redonda y deslícelos dentro de la ranura a la longitud deseada.

Poser le plateau à l'envers sur une couverture pour éviter les rayures. Insérer les 4 vis dans la rainure et faites-les glisser jusqu'à la position souhaitée.

Stellen Sie die Tischplatte auf eine Decke, um die Kratzer zu vermeiden. Fügen Sie die 4 Schrauben in der Nut ein und verschieben Sie die Schrauben bis zu der gewünschten Position.

2

Place the pre-assembled table base arm onto the tabletop in alignment of the eye bolt. Make sure the hole aligns to the bolt.

Coloque la pata premontada sobre la mesa. Para la correcta alineación del cáncamo, asegúrese de que el orificio esté alineado con agujero del tornillo.

Placer la croix du pied de table préassemblé sur le plateau. S'assurer que les trous sur la croix soient alignés avec les vis placées à l'étape 1.

Stellen Sie das Kreuz von dem vormontierten Gestell auf die Tischplatte und befestigen Sie dieses mit den Schrauben.

3

To finish, secure the base firmly to your Tabillo tabletop using the eye bolt nuts supplied (already aligned as per step 2). Tighten securely and ensure there are no movement upon bolting. PLEASE DO NOT OVER TIGHTEN THE BOLT.

Para terminar, asegure la base firmemente a su mesa Tabillo. Usando la tuerca y los tornillos suministrados. (ya alineados según el paso 2). Apriete bien, tuerca y tornillo, y asegúrese de que no haya movimientos después de atornillar. POR FAVOR, NO APRIETE DE MÁS EL TORNILLO.

Pour terminer, fixer le pied bien fermement sur votre plateau en utilisant les écrous fournis (déjà alignés conformément à l'étape 2). Serrer fermement et s'assurer qu'il n'y a pas de mouvement au niveau des boulons. VEILLER À NE PAS FORCER LE PAS DE VIS.

Befestigen Sie das Gestell an der Tischplatte mit den Schraubenmutter. Ziehen Sie die Schrauben fest an. Die Schrauben nicht zu stark anziehen, damit das Schraubengewinde nicht beschädigt wird.

4

Carefully turn the unit back to its feet and enjoy your Tabillo table.

Con cuidado, dé la vuelta al conjunto, póngalo sobre el piéy disfrute de su mesa Tabillo.

Placer le pied Verona préassemblé en face des 6 trous prévus à cet effet. Fixer fermement à l'aide des vis M6x20mm. VEILLER À NE PAS FORCER LE PAS DE VIS.

Stellen Sie das vormontierte Gestell Verona vor den 6 Bohrungen. Befestigen Sie das Gestell mit den Schrauben M6X20mm. Die Schrauben nicht zu stark anziehen, damit das Schraubengewinde nicht beschädigt wird.

WORLD-CLASS,
STATE-OF-THE-*Art* MANUFACTURING

Crafted from premium compact HPL, Tabillo tabletops are produced in one of the world's most advanced manufacturing facilities-where technology and craftsmanship come together to shape enduring surfaces for hospitality spaces.

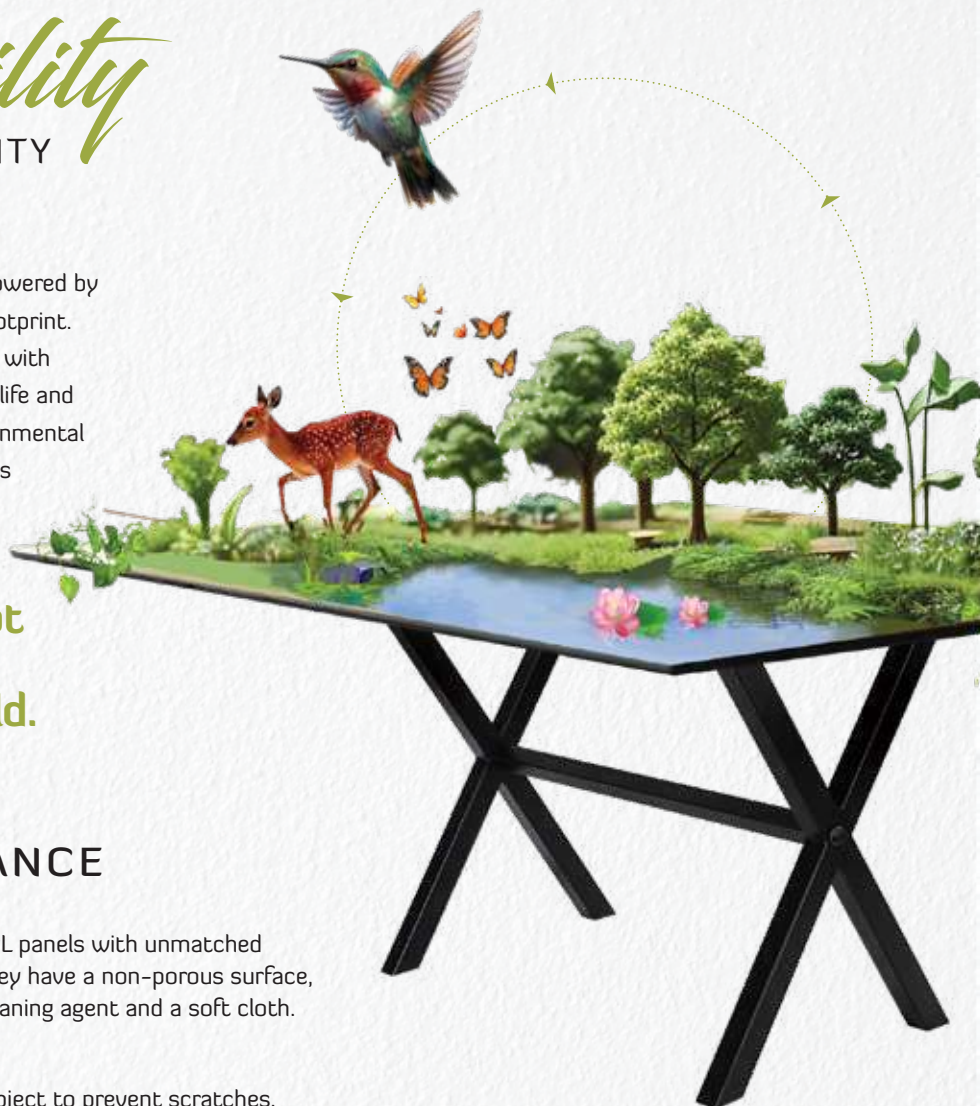

Our state-of-the-art impregnation line and multi-daylight press reinforce every tabletop with exceptional strength, ensuring lasting beauty and performance through years of use and changing climates.

Sustainability

IS OUR RESPONSIBILITY

We prioritise eco-conscious manufacturing, powered by wind and solar energy to reduce our carbon footprint. Tabillo tabletops use highly durable HPL panels with unmatched performance — extending product life and reducing waste. Certified to the highest environmental and safety standards, every step of our process supports the communities and ecosystems we touch.

We foster harmony - not just in design, but in the way we impact the world.

CARE AND MAINTENANCE

Tabillo tabletops are made of highly durable HPL panels with unmatched features that require minimal maintenance. They have a non-porous surface, making them easy to clean with just a mild cleaning agent and a soft cloth.

- Avoid direct contact with hot surfaces
- Avoid direct cutting on surface by a sharp object to prevent scratches.
- Avoid using aggressive cleaning agents. These panels can withstand normal soft cleaning agents.
- Avoid covering the top with a protective cover which may cause permanent stains due to weathering, suffocation or moulds. Let the top breathe normally.

Rubberwood

TABLE TOPS

Sustainable. Strong. Naturally warm.

A sustainable hardwood sourced from mature rubber trees offering a responsible alternative to traditional wood.

Strong, smooth-grained, and **naturally warm in tone** for an enhanced long lasting **indoor durability**.

KEY FEATURES

Eco-Friendly

Utilizes trees that would otherwise be burned after their latex production declines, around 25-30 years old.

Appearance

Light, creamy colour with a straight, fine grain.

Treatment

Chemically treated with borax/boric acid to prevent fungal and insect attacks, followed by kiln drying and epoxy layering.

Durability

Medium-density hardwood, strong and resistant to wear and tear after proper treatment.

Cost-Effective

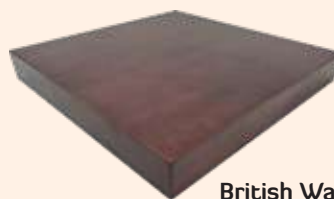

Generally cheaper than other hardwoods.

Eco-friendly and sustainable with FSC certifications.

Each top includes two 6mm metal strips with a black powder coating, ensuring improved stability and helping to prevent warping.
